Hardware: MacBook Pro (Retina, 13-inch, Early 2015)

Software: MacOS Monterey version 12.6.8, Firefox version 136.0.2

User Story: Search Course Functional - Be able to search a course and for it to grab the Rate Your Prof ratings for the next semester and a quick overview.

Activity 1

End-to-End Tests

Test Case	Scenario	Steps	Expected Result	Pass/Fail	Issues
1	A student searches for a course and selects it from the dropdown.	1. Navigate to the Courses page of studybase. 2. In the search bar, enter a valid course name or code (e.g., EECS 2030). 3. Verify that the dropdown list updates with matching course suggestions. 4. Select a course from the dropdown. 5. Ensure the Professors list updates to display available instructors for the selected course.	The selected course is displayed in the dropdown, the list of professors appears	Pass	
2	A student searches for a course that does not exist in the database.	1. Navigate to courses page of studybase. 2. Locate the search input field (#courseSearch). 3. Enter a non-existent course name or code (e.g., "XYZ999"). 4. Verify that the course dropdown does not display any results.	No course options appear in the dropdown.	Pass	
3	A student selects a course that has no assigned professors.	1. Navigate to courses page. 2. Locate the search input field (#courseSearch). 3. Enter a course that is in the database but has no listed professors. 4. Click on the course from the dropdown. 5. Verify that the "Professors" list shows a message: "No professors available for this course."	The course is selected, and an appropriate message is displayed in the professor list.	Pass	
4	A student selects a professor from the list and views their reviews.	1. Navigate to courses.html. 2. Search for and select a course with available professors. 3. Click on a professor's name from the list. 4. Verify that the "Professor Reviews" section updates with ratings from RateMyProf.	The professor's reviews are displayed, including their rating and feedback.	Fail	Reviews and ratings are not shown + No error message
5	A student selects a course and views its reviews.	1. Navigate to courses.html. 2. Search for and select a course with existing reviews. 3. Verify that the "Course Reviews" section updates with relevant reviews.	The course reviews are displayed properly	Pass	
6	A student searches using a partial course name or code.	1. Navigate to courses page. 2. Enter a partial course name in the search field (e.g., "CS1"). 3. Verify that the dropdown suggests all relevant courses (e.g., "CS101", "CS102").	The dropdown dynamically updates with matching courses.	Pass	

Activity 2

Bug Report

Report #	Report Type	File(s)	Problem Description	Can reproduce?	Code Smell	Severity	Status
1	UI/Functionality Issue	courses.js, courseProf.json	Professor Reviews/Ratings are not displayed when a professor is selected	Yes	Incomplete Code	High	open
2	Coding/UI	courses.js	The same .catch(error => console.error(...)) pattern appears multiple times. A generic error handler would help.	Yes	Duplicate Code	low	open
3	Coding/UI	courses.js, courses.html	Errors should update the UI when reviews/ratings are not shown for a professor	Yes	Incomplete Code	low	open
